

# NET-TROL®

## WOOD CLEANER & COLOUR RESTORER

### Product description

NET-TROL® is a powerful cleaner and brightener which restores grey, weather-beaten exterior wood that is unfinished to its natural colour. Unlike bleach or chlorine based cleaners it will not damage the wood fibres. NET-TROL® removes surface and ground in dirt while restoring a bright, vibrant look to the exterior surface.

### Properties

- Lightens and restores colour to all greyed weathered wood without bleaching.
- Fast acting, restores greyed weathered wood to its colour within 15 minutes
- Cleans and neutralises staining caused by tannins.
- Excellent degreaser for tropical hardwoods prior to applying DEKS OLJE D1\*® saturator.
- Removes all traces of weathering attributed to mold, mildew, pollution ...
- Restores luster to plastics dulled by weathering and UV rays.
- Removes rust stains.
- Cleans discoloured stone and stained cement.
- Neutralises all surfaces. Neutralises the action of DILUNETT\*® and AQUANETT\*®.
- Safe to use – harmless to plants and shrubs.
- Biodegradable – Does not contain solvents or bleach - rinse with water.

### Basic uses

- For exterior use only.
- Exterior wood – weathered grey or dirty: Cedar, Larch, Pine (pressure treated or not), Teak, Iroko, Ipe,...
- Horizontal or Vertical surfaces - cladding, fences, decks (boat & garden), garden furniture...
- Unfinished exterior wood surfaces that have become grey or dirty (including Cedar, Redwood or Pressure-Treated Wood).
- Previously coated exterior wood surfaces that need to be cleaned.
- Other surfaces: rust stained cement, discoloured stone, plastic, GRP.

### Technical data

Viscosity: Thick (concentrate)  
 Specific gravity: N/A  
 Physical state: Liquid  
 Flammability: N/A  
 Combustibility: N/A  
 Flash Point: N/A  
 ShelfLife: 18 months unopened  
 Container Size: 1L, 2.5L, 15L  
 Appearance & odour: Blue, fresh soap odour  
 VOC: N/A

### Application tools

- Soft brush or broom, stiff bristle/nylon brush or broom, powerwasher.
- Wear chemical resistant gloves, safety goggles and protective clothing.
- Shake container thoroughly before use.
- Cover areas you want to protect.
- Thoroughly wet plants and shrubs.
- Do not apply on a hot surface; product will dry too rapidly.
- If cleaning vertical wood, work from bottom to top to avoid streaking.

## Application

**CAUTION:** Surfaces are slippery when wet. Use caution when walking on wet surfaces during application.

### General Directions:

- Wet surface with fresh, clean water.
- Apply NET-TROL® with a synthetic brush or roller (long pile).
- Scrub surface with a stiff nylon/synthetic brush.
- Leave to stand for approx 10-20 minutes. If surface starts to dry, dampen with a mist application of water.
- Scrub surface whilst rinsing with water or use a pressure washer (max. 60 bar).
- If required repeat procedure.
- Refer to packaging for instructions.
- Allow wood to dry 48 hours or ensure moisture content meets finish label instructions.

### For Nail Stains:

- Clean and wet the surface.
- Apply NET-TROL® to the entire surface over and around the nail stain.
- Do not rinse until the stain has disappeared.

### For Plastic or GRP:

- Wet the surface.
- Apply NET-TROL® using a brush.
- Leave to work for 10 minutes.
- Rinse with large amounts of fresh clean water

## Coverage

- 5 to 10 m<sup>2</sup> per litre.
- Actual coverage will vary depending on type, age and texture of surface.

## Clean-up

- Soap and water.

## After cleaning

- Protect and enhance the natural beauty of exterior wood with any OWATROL® finish.

## Storage

- Store unused portion in tightly closed plastic container.
- Keep from freezing.

## Safety

Contains oxalic acid.  
Harmful in contact with skin and if swallowed.  
Keep out of the reach of children.  
Wear suitable protective clothing and gloves.  
If swallowed, seek medical advice immediately and show this container or label.  
Keep away from food, drink and animal feedingstuffs.  
Avoid contact with eyes. Avoid contact with skin.
